

Train in Greece, Fly anywhere in the world

**From India to Europe-
Become an EASA certified pilot**

AEROMITRA AVIATION PVT. LTD.

Overview

The EASA Modular 0-ATPL "full-time" package includes six (6) Phases in a full-time modular program which leads from 0 to ATPL (Airline Transport Pilot Licence). This program is the most suitable training route for any aviation enthusiast with little or no previous flying experience to get into the industry professionally and build a career as an airline pilot.

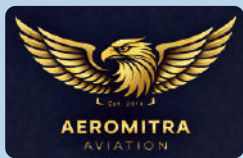

The program includes all the necessary modules to help the student pilots properly master the fundamental pilot skills. Meanwhile, completing the ATPL(A) Modular course will enable student pilots to proceed with the final training steps before becoming competent pilots ready to enter the market.

2

This program has been designed with Area 100 KSA philosophy in mind, which aims to develop Knowledge, Skills, and Attitudes from day one of the ground and flight training. Competency-based training and assessment will provide trained pilots with more skills and awareness of the flight deck and the ever-changing operational environment.

This training program is considered full-time and typically lasts 12 – 15 months for candidates who shall pass their theoretical knowledge examinations and flight tests (Skill Tests) on their first attempts. Any variances in the training program duration, is to accommodate holidays and bad weather conditions. Upon completion of the training program the graduate will be issued an EASA CPL/ME-IR with ATPL theory credit aeroplane license. He/She will have a total of 230 hours of credited flight experience and a minimum of 450 hours of top-quality ground school theory teaching.

0-ATPL Modular Course

Overview

1 PPL(A)

45 hrs Flight Training SEP
100 hrs Theory Instruction
9 subjects HCAA Theory Exams
1.5 hrs Skill Test

2 Night Rating

5 hrs SEP Flight Training
5 hrs Theory Instruction

3(a) ATPL(A)

*650 hrs Theory Instruction
13 subjects Theory Exams

3(b) Time Building(BU)

100 hrs Flight Time as
Pilot In Command (PIC)

4 Multi Engine (ME)

6 hrs Flight Training
8 hrs Theory Instruction

5 SE-IR (including PBN)

15 hrs Flight Training
35 hrs SIM Training
2 hrs Skill Test (1.5 SEP &
0.5 FNPT II)

6 CPL

10 hrs Flight Training SEP
5 hrs Flight Training
(complex a/c)

7 ME-IR

2 hrs Flight Training MEP
3 hrs SIM Training
2,5 hrs CPL/MEP/IR Skill Test*
*(for CPL/MEP/ME-IR extension)

8 A-UPRT

3 hrs Flight Training MEP
5 hrs Theory instruction

9 EASA

Part-FCL CPL/ME/IR
with ATPL Theory Credit

Entry Requirements

Applicants must at least 18 years of age

Pre-Entry assessment

Sufficient knowledge of the English language

Fundamental knowledge of mathematics and physics
